#### NARRATIVE

In reference to Violation of Missouri Controlled Substance Law, this detective, who is currently assigned to the St. Louis County Multi-Jurisdictional Drug Task Force, will state the following.

On September 5, 2012, I was contacted by United States Postal Inspector Jackman reference to two large packages which were mailed to the Ballwin Post Office. Postal Inspector Jackman stated he was contacted by the Station Manager of the Ballwin, Missouri Post Office. Postal Inspector Jackman stated, according to the Station Manager, the regular letter carrier for the address of 448 Parkview Place Drive in Ellisville, Missouri was approached by a young Hispanic male with a shaved head, while working her route, who inquired about packages addressed to his residence.

Postal Inspector Jackman further stated the subject, later identified as David Corey Brecker, a suspected SUR13 gang member, and a subject with a lengthy narcotics and weapons history, told the letter carrier that the packages were for him and he asked the carrier when they would be delivered. Postal Inspector Jackman stated the carrier, who is 7 months pregnant, told Brecker that the parcels were too heavy for her (roughly 50 pounds per parcel) and that someone else would be delivering the

Date/Time Printed: 11/20/2012 11:00:58  
Printed By / Reason: #mckjr2 / review

12-53375

parcels to him later in the afternoon. Postal Inspector Jackman stated the carrier indicated that Brecker was a known mail recipient; however, the parcels were addressed to "Mike" and the carrier indicated "Mike" was not a name known to receive mail at the address.

After obtaining all of the information from the Station Manager, Postal Inspector Jackman responded to the Ballwin, Missouri Post Office to review the parcels. The parcels were addressed as follows:

Express Mail package EG601417616US, addressed to:

Mike  
448 Parkview Place Dr.  
Ellisville, MO 63021

with a return of:

Charity First Insurance  
1 Market Street  
San Francisco, CA 94105

Express Mail package EG601417620US, addressed to:

Mike  
448 Parkview Place Drive  
Ellisville, MO 63021

with a return of:

Charity First Insurance  
1 Market Street  
San Francisco, CA 94105

It should be noted the parcels were extremely heavy for Express Mail service, which is historically known as/and utilized for business correspondence mail. The parcels were also originating from a source narcotics city, San Francisco, California.

Further more, the parcels were believed to be intended for David Brecker, a subject with previous narcotics history and a subject believed to have utilized the mail for narcotics in the past. In fact, Inspectors seized Express Mail parcel EG7219951525US on December 6, 2010 by way of a federal search warrant. The parcel was addressed to:

Elby Services and Inc.  
1715 Clarkson Road  
Chesterfield, MO 63017

Date/Time Printed: 11/20/2012 11:00:56  
Printed By / Reason: #mckjr2 / review

12-53375

th a return address of:

Kim Searbin  
3804 Mary Avenue  
Corning, CA 96021

The Express Mail parcel contained approximately 8 pounds of marijuana and bore a fictitious addressee name. Inspectors learned that the actual business name for 1715 Clarkson Road in Chesterfield, Missouri was Tropical Sun Tanning, a company owned by David Brecker. On December 7, 2010, Inspectors, along with members of the St. Louis County Police Department, attempted a controlled delivery with the parcel, addressed to 1715 Clarkson Road. During the controlled delivery, Postal Inspector Jackman acted as a USPS Delivery Supervisor and attempted to deliver the parcel to Brecker. When Postal Inspector Jackman arrived at the business, he learned that Brecker was currently away from the building. Postal Inspector Jackman asked one of Brecker's employees to call Brecker to see if he could come to the business and sign for the parcel. Postal Inspector Jackman stated, while speaking with Brecker on the phone, he said he was not familiar with the business name and refused the parcel. Brecker then advised Postal Inspector Jackman to return the parcel back to sender. Later that afternoon Postal Inspector Jackman turned the evidence recovered from the Express Mail package over to the St. Louis County Police Department. See St. Louis County Police Report 10-68861 for further.

On Wednesday, September 5, 2012, St. Louis County Detective Joe Brandt responded to the Ballwin, Missouri Post Office to conduct a K9 review with his K9 trained dog, "Emma." Express Mail packages EG601417616US and EG601417620US were placed in an area not known to previously contain a narcotics odor. After placing the parcels in a non-contaminated area, Detective Brandt had K9 Emma search the parcels. Detective Brandt stated that "Emma" positively alerted on both parcels, indicating the presence of a narcotics odor.

After receiving a positive K9 alert for the parcels, Postal Inspector Jackman arranged a controlled delivery of both parcels addressed to 448 Parkview Place Drive. Postal Inspector Todd Loos acted in an undercover capacity by posing as a USPS Letter Carrier. Assisting with the controlled delivery were members of the St. Louis County Police Department, FBI Special Agent Owen Cunningham, and Postal Inspector Brian Budt.

Postal Inspector Loos, who was wearing a USPS Letter Carrier uniform, and driving a USPS vehicle, delivered both parcels to 448 Parkview Place Drive.

Date/Time Printed 11/20/2012 11:00:56  
Printed By / Reason: #mckjr2 / review

12-53375

On arrival Postal Inspector Loos knocked on the front door of the residence and made contact with the addressee (David Brecker). Postal Inspector Loos advised Brecker that he had a few heavy parcels for delivery and asked Brecker if he could come out to the USPS vehicle to retrieve them. Brecker agreed and walked out to the USPS vehicle. Both parcels were signature waivers and as soon as the parcels were scanned, Brecker took possession of one of the parcels, and began walking towards his front door. Prior to Brecker making entry into 448 Parkview Place Drive, Postal Inspector Brian Budt and Postal Inspector Jackman detained Brecker by way of handcuffing him. Immediately after detaining Brecker, Postal Inspector Jackman conducted a protective Terry frisk for weapons.

It should be noted, prior intelligence indicated that Brecker was arrested by the Ladue Police Department in 2010, and during the arrest he was in possession of a firearm. The Terry frisk search for weapons was negative.

Moments after the Terry frisk, Brecker said, "All that is inside the boxes are shoes."

At this time Postal Inspector Jackman and I asked Brecker if we could go inside his residence to further discuss the Express Mail packages. Brecker agreed and allowed investigators into his residence. Brecker indicated his wife, Misty Roberson, was inside the residence and alone. Brecker told investigators that the front door was unlocked and that investigators could go inside his residence.

At this time Detective Perez and I opened the front door of 448 Parkview Place Drive and announced ourselves as "Police." It should be noted, upon entering the residence I could smell a strong odor of burnt marijuana. Once Detective Perez and I entered the residence, we located Misty Roberson at the bottom of the basement stairs. Roberson was placed in handcuffs and was detained at the scene while investigators performed a protective sweep of the residence. Prior to the protective sweep, Detective Perez and I escorted Roberson up the stairwell to the living room area of the residence.

Shortly thereafter, Postal Inspector Jackman advised once he entered the residence he immediately smelled a strong odor consistent with the smell of burning marijuana. Postal Inspector Jackman asked Brecker about the smell and he said, "I smoke weed, man."

Once the scene was secure, Brecker's handcuffs were removed and Postal Inspector Jackman asked Brecker for written consent to search the Express Mail packages, his residence, and a safe that was discovered in the bedroom closet while performing a protective sweep. Postal Inspector

Jackman noted on the consent to search form that investigators were searching for narcotics, proceeds of narcotics, and firearms. Brecker was provided an opportunity to read IS Form 8193, consent to search form. Brecker agreed to cooperate and voluntarily signed the consent to search form. Once the form was signed Postal Inspector Jackman opened the Express Mail packages that were addressed to "Mike" at 448 Parkview Place Drive, Brecker's residence. Although Brecker's name was not listed on the parcel, he is a known mail recipient at 448 Parkview Place Drive and has apparent authority for mail addressed to his residence. Furthermore, Brecker inquired about the parcels earlier that morning, and when initially detained, Brecker acknowledged that the parcels contained shoes.

Upon opening the parcels, investigators discovered two black pelican cases. Both cases had padlocks securing the contents. Brecker was asked if he had a key to open the locks. Brecker said he did not. Brecker was informed that the locks would be damaged while opening the parcels and he agreed to allow the search to proceed. Within the pelican cases were several individually heat sealed vacuum bags containing an estimated combined total of 47 pounds of suspected marijuana.

While conducting a search of the residence, investigators located one Glock, model 27, 40 caliber handgun, serial number CCG 807, located on the floor, by the front door, in between a car stereo box and the television speaker. In addition, investigators located one Ruger, model P345, 45 caliber handgun, serial number 664-99514, under the couch, in the living room area.

In addition, while conducting a search of the residence, investigators located in the master bedroom closet, one Panther Arms DPMS rifle, 308 caliber, model LR-308, serial number 14685; one Bushmaster rifle, 223 caliber, model XM15-E25, serial number L382842; and one Bushmaster rifle, 223 caliber, model XM15-E25, serial number L341450. It should be noted, all firearms were loaded at the time of discovery.

As previously noted, a safe was discovered in Brecker's bedroom closet. It should be noted, Brecker voluntarily provided the combination for the safe and allowed investigators to search the safe.

Prior to opening the safe, Brecker told investigators that the safe contained approximately \$45,000.00 in U.S. currency. It should be noted, once the safe was opened it contained \$45,597.00 in U.S. Currency. While counting the money, Postal Inspector Jackman advised he could smell an odor consistent with the smell of marijuana emitting from the money. Detective Joe Brandt and his trained K9 dog, "Emma", were on the scene, and Postal Inspector Jackman asked Detective Brandt if his K9, "Emma", could perform a K9 review of the money. Detective Brandt had

Date/Time Printed 11/20/2012 11:00:56  
Printed By / Reason #mckjr2 / review

12-53375

Emma" review the proceeds from the safe, and she indicated that "Emma" positively alerted to the money, indicating the presence of a narcotics odor. In addition to the positive alert by K9 Emma, Postal Inspector Jackman noted that most of the proceeds were in smaller denominations, consistent with previous seizures of suspected drug proceeds.

While at the scene, Postal Inspector Jackman seized the U.S. Currency as suspected drug proceeds.

At this time ID Detective Neff responded to the scene to assist in the investigation. It should be noted, The Express Mail packages containing the marijuana, all firearms, rifle carrying cases, numerous ammunition, flashlight with case, and one pair of gorilla gloves were seized as evidence and later released into the custody of ID Detective Neff. See ID Detective Neff's supplemental report for further.

In addition, Postal Inspector Jackman left a receipt at the scene, reflecting the seizure of approximately \$45,420 in U. S. Currency. It should be noted, the money was later recorded and verified as \$45,597.00 in U.S. Currency. Brecker was notified that Postal Inspector Jackman seized the proceeds, at which time Brecker stated he could prove every dollar he had within his safe through his Tanning Salon business and his family inheritance he received.

It should be noted, Misty Roberson was released at the scene without incident.

After identifying the aforementioned items during the consent to search, Brecker was taken into custody and transported to the Ballwin Police Department for questioning.

Upon arrival at the Ballwin Police Department, Brecker was led to that Department's designated conference room for questioning. Prior to interviewing Brecker, Brecker was read his Miranda Rights per the Advice and Wavier of Constitutional Rights per Miranda Decision. Brecker stated he understood his rights and was willing to answer questions and make statements. I later seized this form as evidence. It should be noted, Federal Bureau of Investigations Special Agent Cunningham, United States Postal Inspector Budt and I were present during the duration of the interview with Brecker.

While conversing with Brecker, Brecker stated he believed the packages he received contained marijuana. Brecker further added he believed the packages contained "quite a bit" of marijuana. Brecker stated he believed the marijuana in the packages were vacuumed sealed. Brecker added he was not, however, expecting any packages at this time.

While speaking with Brecker, Brecker advised approximately a year and a half ago, he received a package in the mail, which contained approximately twelve (12) pounds of marijuana. Brecker also stated he traveled to California and purchased the twelve (12) pounds of marijuana and had it shipped to him using the United States Postal Service. Brecker stated he would often travel to Colorado and California and conduct "Business" deals there.

During the interview, Brecker stated he would "Re-Route" packages of marijuana coming into Missouri. Brecker stated "Somebody" would call him about a "Package" being sent to Missouri from California, at which time Brecker stated he would pick random places to have the "Package(s)" sent to. Brecker stated he would have the "Package(s)" sent to vacant residences or places that would not look suspicious. Brecker further added he would receive anywhere from two thousand dollars to four thousand dollars for each "Package(s)".

While speaking with Brecker, Brecker stated "Christopher Pyszka" and/or "Jason Chun" were two marijuana dealers/buyers who could purchase large amounts of marijuana from him. Brecker stated the marijuana would be sold for approximately four thousand two hundred dollars per pound. Brecker further added, once "Christopher Pyszka" and/or "Jason Chun" received the marijuana, both "Christopher Pyszka" and/or "Jason Chun" would return the money from the marijuana back to Brecker.

During the interview, Brecker advised he purchased the Tropical Sun Tanning Salon, which is located in Chesterfield, Missouri, approximately two years ago, from "Jim Becker", for approximately twelve thousand five hundred dollars.

While speaking with Brecker, Brecker advised he received a large sum of money from an inheritance when his mother and grandmother passed away a few years ago.

While conversing with Brecker, Brecker advised he has been commingling proceeds from the sales of large shipments of marijuana into his "Charles Schwab" brokerage account. Brecker further added he had approximately three million dollars in his "Charles Schwab" account.

While speaking with Brecker, Brecker stated his "Source of Supply" for the marijuana was in Eureka, California. Brecker stated his "Source of Supply" was an older lady named "Laura"; however, Brecker stated he did not know her last name. Brecker stated he would telephone/text "Laura" at "Laura's" cell phone number, 707-496-4621, to coordinate the deals. Brecker stated he met Laura approximately five years ago through a mutual friend (Chris Pyszka). Brecker stated he "Coordinated" deals for large sums of money and marijuana between "Laura" and other "Buyers" in

Date/Time Printed: 11/20/2012 11:00:56  
Printed By / Reason: #mckjr2 / review

12-53375

Missouri. Brecker stated over a period of one and half years, he has probably "Coordinated" approximately four million dollars between "Laura" and people trying to purchase marijuana from her.

Brecker added "Laura" would use the United States Postal Service to ship the marijuana, or if the order was big enough, she would have someone drive it to Missouri. Brecker stated "Laura" would pay someone approximately two hundred dollars a pound to drive the marijuana to Missouri.

At this time, I asked Brecker if he would like to write a written statement regarding what he had just told us, at which time Brecker stated, "No".

I seized the Rights Wavier Form as evidence. This item was later conveyed to the St. Louis County 2nd Precinct and packaged as such.

While at the Ballwin Police Department, a record check of Brecker was conducted in which Brecker was Wanted, per reference number W99387025, for Possession of Marijuana.

Once the interview was concluded, Brecker was placed in handcuffs, checked for proper fit, and transported to the St. Louis County Justice Center, located at 100 South Central, Clayton, Missouri 63105, where he was released into their custody.

Any further information will be forwarded in a supplemental report.

**NARRATIVE**

On 09/05/2012, I responded to 448 Parkview Place for a photo assignment reference a drug controlled buy. Upon arrival, I met with Sgt. J. Cox, DSN 2736, of the Drug Unit, who stated that while conducting a consent to search at the above location, they uncovered a number of weapons and a large amount of possible marijuana.

The following pictures are on file at the St. Louis County Photo Lab:
